## Experience

---

### Backend Developer Intern

**Meltwater Entrepreneurial School of Technology (MEST)- Accra, Ghana | 05/2025 – Present**

- Built responsive web apps using HTML, CSS, and JavaScript during the initial phase of training.
- Specialized in backend development with Node.js, Express.js, and MongoDB.
- Developed RESTful APIs for a Library Management System and an Advertisement Platform with user auth and role-based access.
- Gained experience in backend logic, secure routing, and database integration.
- Ranked 1st place in an internal hackathon for building a feature-rich job board platform.
- Collaborating in agile teams and delivering weekly sprint projects.

### Compliance Officer - National Service

**Social Security and National Insurance Trust (SSNIT) - Accra, Ghana | 01/2024 – 10/2024**

- Conducted regular internal audits to ensure compliance with established standards
- Provided guidance on regulatory requirements for business operations
- Drafted reports summarizing findings from audit reviews and investigations
- Responded promptly to complaints received from employees or customers
- Issued clear warnings to violators, outlining infractions, penalties and remediation steps

### Registration Officer - National Service

**Social Security and National Insurance Trust (SSNIT) - Accra, Ghana | 11/2023 – 12/2023**

- Greeted customers and assisted them with registration process

- Verified customer's documents to ensure accuracy of information provided
- Created new accounts for customers in the system according to their needs
- Updated existing customer records as per changes in personal details or preferences

### Quality Control Analyst - Intern

**Volta Star Textiles Limited - Juapong, Ghana | 11/2023 – 12/2023**

- Conducted tests on product samples and recorded results
- Received and inspected raw materials
- Inspected finished goods prior to shipment ensuring conformity with customer requirements
- Operated a variety of machinery and tools safely and efficiently

### Projects

---

- **Library Management App**

[Frontend Demo](#) | [API Docs](#)

A full-stack book management system with a **RESTful API** and responsive frontend. Built with **Node.js**, **Express**, and React. Supports user-friendly book listing, search (by title, author, genre), and CRUD operations, with backend features like validation, structured JSON responses, and Swagger-based documentation.

- **React E-Commerce Store**

[Live Demo](#)

A responsive e-commerce platform built with **React** and **Firebase**. Includes user authentication, product browsing, seamless shopping experience, and an admin dashboard for managing products (add, edit, delete), viewing customer orders, and updating delivery status in real time.

- **Customizable Task Manager**

[Live Demo](#)

A feature-rich **React** Progressive Web App (PWA) for task management. Features include task CRUD operations, light/dark mode toggle, theme customization, and editable usernames for a personalized user experience.

---
